Birthdate: 27/12/1988 ◆ **Nationality:** Brazilian ◆ **Marital status:** Married

RESUME

My research line focuses on reconstructing the effects of climate and landscape variability throughout the geological past, especially during the Quaternary period. Using a variety of geochemical proxies, I seek to understand climatological dynamics and reconstruct paleoenvironments, continental hydrogeochemistry, and paleoceanography.

PROFESSIONAL HISTORY

Post Doc. 03/2022 - 03/2024

Universidad Nacional Autonoma de México (UNAM) - Querétaro, QRO

Post Doc. 12/2020 - 12/2021

Universidade Estadual do Rio de Janeiro (UERJ) - Rio de Janeiro, RJ

Researcher 04/2014 - 03/2016

PAM Membranas Seletivas LTDA, Brasil. - Rio de Janeiro, RJ

DIPLOMAS

Ph.D. Degree in Geoscience, Department of Environmental Geochemistry, 03/2016 - 07/2020

One year of joined Ph.D. in Goettingen University (Germany), 05/2017 - 04/2018

Universidade Federal Fluminense (UFF) - Rio de Janeiro, RJ

Master's Degree in Geoscience, Department of Environmental Geochemistry, 03/2012 - 04/2014

Universidade Federal Fluminense (UFF) - Rio de Janeiro, RJ

Bachelor's Degree in Biological Sciences, 03/2008 - 11/2011

Universidade Federal Fluminense (UFF) - Rio de Janeiro, RJ

LANGUAGES

Portuguese: Native

Spanish: Advanced

English: Advanced

French: Basic

AWARD

2021 - International Mobility Research Fellowship Program for Latin American and Caribbean early-career scientists on past global changes, Inter-American for Global Change Research-PAGES.

2017 - Scholarship Doctorate Abroad modality, Coordination for the Improvement of Higher Education Personnel (CAPES)

COURSES PROVIDED

1. Past, present, and future climate change. 2022. Universidade de São Paulo (USP).
2. Introduction to palynology and techniques for reconstructing Quaternary vegetation and climate. 2024. Universidade Federal Fluminense (UFF).

ONGOING SUPERVISION

Doctoral thesis

1. Matheus Simões Santos. Climatic controls on soil erosion events: a contribution from the fluvial deposits of the Peruaçu River Karst Valley Caves-MG. Started: 2020. Thesis (PhD in Geosciences (Geochemistry)) - Fluminense Federal University, Coordination for the Improvement of Higher Education Personnel. (Co-advisor).

ORGANIZATION OF SCIENTIFIC DISSEMINATION EVENTS

1. Science Fair, Querétaro 2023. 2023. (Exhibition).
2. Earth Week, UNAM 2023. 2023. (Exhibition).
3. V UFF Biology Week and IV Environmental Education Day. 2010. (Congress).
